INFORMATION FLOTEC GATHERS AND TRACKS

Flotec gathers information through aggregated tracking information derived mainly by tallying page views throughout our sites. This information allows us to better tailor our content to readers' needs. Under no circumstances does Flotec divulge any information about an individual user to a third party.

Flotec tracks user traffic patterns throughout our site. However, we do not correlate this information with data about individual users. Flotec does break down overall usage statistics according to a user's domain name, browser type, and MIME type by reading this information from the browser string (information contained in every user's browser).

USE OF INFORMATION

Flotec uses tracking information to determine which areas of our sites users like and don't like based on traffic to those areas. We do not track what individual users read, but rather how well each page performs overall. This helps us continue to build a better service for you.

SHARING OF THE INFORMATION

Flotec uses the above-described information to tailor our content to suit your needs. We will not share information about individual users with any third party, except to comply with applicable law or valid legal process or to protect the personal safety of our users or the public.
